

Contact

Please read before using the contact form

Answers to technical questions are not provided for free. If you're interested in having questions answered, please either inquiry about an hour of paid consultation time (150 USD) or feel free to book an hour through our [booking service](#).

Although the Hydrobuddy software is provided for free, it is provided without support. **Answers to support questions or lessons about how to use the software are not provided for free.**
